

Master Scenario Events List (MSEL) – Davison County
EOC Full Scale Exercise
June 17th, 2015

Prior to the beginning of the Exercise, the Exercise Director/Senior Controller, through the Simcell, may introduce background information to the County Emergency Manager providing them information on the upcoming exercise and scenario information. At 10:00, the first official exercise inject will be introduced via the Simcell to begin the exercise.

INTRODUCTION

Scenario Summary

The Scenario utilized for this exercise is based on a HAZMAT accident within your County.

The Scenario includes a Fuel Truck colliding with a school bus in the Soccer Complex Parking Lot. It is 1000 on a Wednesday morning and a small group of soccer players are practicing on the fields. Both drivers, as well as several students are injured in the crash, with various non-life threatening injuries. A small engine fire on the fuel truck, as well as a small leak in the fuel truck will need to be addressed by the Fire Department. The local Fire Department will extinguish the fire and a HAZMAT Team will address the minor fuel spill by containing the fuel and unloading the remaining fuel into another truck or tank.

Several concerned parents arrive on scene to determine if the children on the bus are theirs, of which some have already been transported to the local hospital. The scene will become chaotic in a short time as crowd control will be an issue.

Master Scenario Events List (MSEL)

Plan Inject Time	Inject Time	Inject Origin (From)	Inject Destination (To)	Inject Description	Expected Action
1001		Controller	Dispatch	Notify Dispatch of an accident, request Police, Fire/EMS assistance.	Dispatch will simulate a 911 call: "THIS IS A TEST. Officers, Fire/EMS needed for a HAZMAT Accident involving a school bus and a fuel truck at the soccer fields, with approximately 6 injured". THIS IS A TEST.
1001		Controller	Incident Commander	Request Fire/EMS/HAZMAT Team	Dispatch will send Fire/EMS to scene. Incident Commander will identify placard (1203) and request a HAZMAT Team and foam truck, thru the County Emergency Manager from the State OEM.
1002		Dispatch	County Emergency Manager	Notification of an accident.	Dispatch will contact the County EM with limited information of "THIS IS A TEST. A major HAZMAT Accident involving a school bus and a fuel truck at the soccer fields". THIS IS A TEST.
1003		Controller	County Emergency Manager	Initial Notification to the Duty Officer	County EM will inform the Duty Officer and Regional Coordinator of a HAZMAT Accident involving a school bus and a fuel truck at the soccer fields. More information will be relayed at a later time. EOC
1004		Dispatch	Highway Patrol	Request Assistance	Dispatch will contact Highway Patrol for Scene Assistance.
1006		Dispatch	Chief of Public Safety	Assign Incident Commander	Chief of Public Safety will assume Incident Commander responsibility.
1012		Controller	Incident Commander	Activate the EOC	Incident Commander will identify the severity of the situation and request the EOC (mobile) be activated.
1015		Dispatch	Search & Rescue	Notification of an accident, request assistance from Search and Rescue.	Incident Commander will request Dispatch to send out a call out page to all S.A.R. Members: "THIS IS A TEST. S.A.R. Members: Report to the shed for assistance on a HAZMAT Accident involving a school bus and a fuel truck at the soccer fields". THIS IS A TEST.

Plan Inject Time	Inject Time	Inject Origin (From)	Inject Destination (To)	Inject Description	Expected Action
1016		Dispatch	General Public	Nixle Notification/media release	Dispatch will send (simulated) a message to the general public, and the Incident Commander will meet the media outside the secure perimeter for an initial briefing.
1007		Controller	Incident Commander	Evacuation of youth practicing on soccer fields and any others in the immediate area.	Incident Commander will clear the area, using Search and Rescue members.
1020		Dispatch	Sheriff's Office	Request Assistance from Sheriff's Office.	Incident Commander will request Dispatch to notify the Sheriff's Office and request traffic control. "THIS IS A TEST. 8-1A Traffic Control is requested for a HAZMAT Accident involving a school bus and a fuel truck at the soccer fields". THIS IS A TEST.
1024		Controller	Safety Officer	Assign Safety Officer	573 is assigned as Safety Officer.
1024		Controller	Incident Commander	Notify Airport	Incident Commander will notify airport (via dispatch) of situation. Airport Manager will determine response according to S.O.P.
1027		Controller	Public Information Officer	News Media are on scene and want information.	Sheriff is assigned PIO and will deliver a statement to the media.
1030		Controller	Incident Commander	Inform ER of possible admissions.	Medic 3 and Medic 5 will notify the ER of casualties, injuries, and fuel contaminants (via Dispatch).
1030		Controller	County Emergency Manager	Duty Officer requests SITREP and Strip Map.	EOC staff will create and send up an initial Status Report 209-Local Version to include contact information, and a strip map.
1031		Controller	Incident Commander	Request status report of HAZMAT Team	Incident Commander will request status of the HAZMAT Team.
1031		Controller	Incident Commander	Request for mutual aid ambulances to transport injured students/bus driver/fuel truck driver.	Incident Commander will request ambulances. Will require mutual aid.
1032		Controller	Incident Commander	ER declares mass casualty event	QOP ER will notify dispatch of mass casualty event. Mutual aid transport to Sioux Falls on standby.
1034		Controller	Incident Commander	Contain fuel spill. Request pump and additional truck to off load fuel.	Incident Commander will request a pump and additional fuel truck from city maintenance shop.

Plan Inject Time	Inject Time	Inject Origin (From)	Inject Destination (To)	Inject Description	Expected Action
1038		Controller	Incident Commander	Red Cross on Scene.	Red Cross staff will make contact with the Incident Commander, coordinate any assistance available.
1039		Controller	Incident Commander	Contain fuel spill. Request berm be installed.	Incident Commander will request dirt and pay loader to install berm.
1040		Controller	Incident Commander	Notify Emergency Manager	Incident Commander will notify Emergency Manager of incident, to include fuel spill. EM will arrive on scene.
1044		Controller	Incident Commander	Media Release	Incident Commander will notify Public Information Officer of time/place of press release.
1049		Controller	Emergency Manager	Notify DENR of fuel spill	Emergency Manager will notify DENR of incident, to include fuel spill. DENR will arrive on scene.
1051		Controller	Incident Commander	Parents arriving on scene looking for their children.	Incident Commander will utilize Search and Rescue and local Police/Sheriff's Office to block off the scene and inform the public.
1056		Controller	Incident Commander	Request scene lighting	Incident Commander will request Search & Rescue supply scene lighting, with anticipation of lengthy operation.
1100		Controller	County Emergency Manager	Follow up report to the Duty Officer.	Provide brief description of situation and that they have their Mobile EOC open and trying to determine damage
1102		Controller	Incident Commander	Workers hungry/thirsty.	Incident Commander will request Red Cross to provide food/water.
1105		Controller	Incident Commander	Accountability of injured.	Incident Commander will request passenger manifest from Diedrich Bus Service.
1110		Controller	Incident Commander	HP Assistance	Incident Commander will request HP provide assistance for any additional 911 calls.
1110		Controller	Incident Commander	Vehicle Recovery. Incident Commander needs two large tow trucks to remove damaged vehicles. Only one available. Resource Request Form will need to be sent to State OEM.	Incident Commander requests dispatch call local towing company, who has only one large tow truck. EOC staff request 2 nd truck through State OEM.

Plan Inject Time	Inject Time	Inject Origin (From)	Inject Destination (To)	Inject Description	Expected Action
1200		Controller	County Emergency Manager	Duty Officer requests updated SITREP and Incident Action Plan (IAP)	EOC staff will create and send up an updated Status Report 209-Local Version and all documents for the IAP.
1230		Simcell	County MEOC	Situation Update – End of Exercise, Hotwash & Reporting	Conduct Hotwash and evaluation materials at local EOC's.
1315				END OF EXERCISE - DEMOB
